RAVENWOOD NOTED FOR LARGE HOMES

JACKSON TOWNSHIP TOWN HAS SHARE OF BUILDINGS, TOO.

TWO NICE CHURCHES; FINE ROAD FROM HERE

Much Interest Aroused by Other Possibilities in Election for Maryville Electric Franchise.

(By Vernon Nash.)

Ravenwood excels among the smaller towns of Nodaway county in the large number of two-story modern homes. Several of the cities have a more uniform attractiveness but the metropolis of Jackson township has an unusual number of large homes. Its schoolhouse is well placed also in a clump of trees.

One of the nicest church buildings of the county is that in which the Ravenwood Christians have their worship. It is an attractive modern brick. We found a large sign stretching clear across the main street announcing the revival which begins in that church August 1 to continue through August 20. Edward S. Priest will be the evangelist and Miss Louise Bryant the singer.

CHAUTAUQUA STUNT

ANNUAL BALLAHOO PARADE WILL BE HELD HERE TUESDAY.

WANT ALL AUTOS IN LINE

Pennants, Streamers and Banners Will Be Furnished Free by Redpath-Vawter for Boosting.

The big annual "ballahoo" parade to boost the 1916 Chautauqua will be held Tuesday night beginning at 7:15. Seventy-seven cars were in this parade last year and an effort is being made by W. R. Jackson, local representative and Roy Combs, advance man, to make the affair this year even more successful.

Only autos are wanted in the parade but every car of any kind, make or description from any place will be welcomed in the line. A "ballahoo" band will lead the line which will be formed in front of the Empire Theatre. Decorations will be furnished by the Chautauqua management of streamers and banners.

The purpose of the parade is to call attention to the sale of the tickets for the Redpath-Vawter program which begins Thursday and runs through the following Wednesday. These tickets are $1.50 if bought from business men and others before the sessions begin. After Wednesday, the price will be $2.00.

The amount of decorations are limited, so those there first with the cars at the Commercial Club office will be first served. Individual decorations will be permitted. The route of the parade, starting from Main and [illegible] will be:

113 DIE IN CHICAGO

HEAT DEATHS FOR LAST THIRTY-SIX HOURS TOTAL 131.

TO 100 HERE YESTERDAY

Only 95 at 1 o'Clock Here Today—Normal Gives Vacation Because of Temperature.

Special to The Democrat-Forum.

Chicago, July 29.—A total of 113 deaths and twenty-five prostrations was the hot weather toll for the last thirty-six hours ending at noon today. The end is not in sight yet. The total deaths in the last two days is 131, and indications are that there will be no diminution in mortality rate because today is as hot as ever.

Up to the century mark went the official thermometer again yesterday but refused to budge higher and break the record. This was expected as the mercury stood at 99 at 1 o'clock yesterday. A cool breeze continued all morning today and at 1 o'clock the official record of J. R. Brink was only 95 degrees.

The nights also cool off nicely and make sleep a possibility. Therefore our dispositions are able to ride through the warm days. The minimum last night was 69 degrees.

The State Normal school dismissed at 10 o'clock this morning because of the unbearable heat. President Richardson also announced that on account of the unusual weather the classes would be shortened for the rest of the term, which closes next Thursday.

B. RALEIGH MARTIN FOR CONGRESS.

Is Making Strong Fight for the Democratic Nomination for Congress in the Fourth Congressional District of Missouri—Friends In Nodaway County Active.

B. Raleigh Martin, candidate for the Democratic nomination for congress at the Primaries next Tuesday, is a former citizen of Nodaway county and spent most of his life here until his removal to St. Joseph about seven years ago, where he has since resided. Raleigh Martin needs no introduction to the people of Nodaway county. He is a self made man and has climbed from the bottom round of the ladder by his own efforts, and now stands in the front ranks of the St. Joseph Bar. There is no man in the Fourth Congressional District of Missouri more ably fitted for the office of congressman than Martin. For a great many years he has been a student of the great issues before the country, and as an orator he has few equals in this state. He would make a representative in congress that the people would hear from.

Raleigh Martin is a man of the highest integrity and personal honor. His reputation among members of the bar is of the highest and it is openly said by them that never did any one of them have a written agreement upon any matter concerning the conduct of a trial in court, and never once did he fail to make his word as good as his bond.

Every Democrat in Nodaway county should vote for Raleigh Martin for congressman at this time. He deserves the position by his faithful devotion to his party, his ability as a man and as a citizen of Nodaway county whose whole life has been practically spent here among our home people. Here he went to school, studied law, was admitted to the bar and practised for fifteen years before his removal to St. Joseph. That he is strong with the people is shown by the powerful vote he got in his campaign in 1912—the vote then stood, Booher 7781, Martin 6846. A small change in that contest would have nominated Martin. His freinds say he is far stronger now in all parts of the district than he was at that time.

Let the Democratic voters of Nodaway county be loyal to an old Nodaway county boy who has made good, and if nominated and elected he will write the name and fame of this district high on the map of the country.

To The Democratic Voters of Nodaway County:

It has been impossible in this campaign for me to see each of you in person. I am therefore taking this method of asking you for your careful consideration at the PRIMARY TUESDAY.

You perhaps know that I am a candidate for the Democratic nomination for sheriff. Eight years ago I was my party's candidate for this office and was defeated in the election. However, this defeat never brought discouragement to me in party fealty and with that defeat I rallied to the support of my party and have always remained loyal to the principles of the Democratic party and its candidates; and if in your opinion think I am not the man for this place now I assure you that this fall you will find me in line with the entire ticket. I am 48 years old and was born and raised in Nodaway county. I have served four years as deputy sheriff under Mr. Wallace, and for five years I have been city marshal of New Conception and Jefferson Township has elected me constable, so for many years I have had the practical experience as an officer of the law. I therefore feel that with this experience I could fill the office of sheriff in a manner that will meet your full approval.

I assure you that should you nominate me for sheriff and should I be elected this fall my official acts will be such that you will never have cause to regret your action.

Thanking you in advance for your most careful consideration, I beg to remain, Yours for success Tuesday,

GABE PURCELL

To The Democracy of Nodaway County

My Last Appeal

I am addressing you all this letter in the interest of my candidacy for the Democratic nomination for Prosecuting Attorney at the primary, August 1st.

I would indeed appreciate the support of the Democracy of this county in obtaining this nomination. I have been fighting in the trenches for the last sixteen years—always on the firing line—and I have never held or enjoyed public office, and I feel that I am entitled to the nomination at this time as a matter of political justice.

No Prosecuting Attorney of this County has ever been re-elected to succeed himself, except Mr. Wright, in over a quarter of a century. Is the present incumbent's ability so commanding, or his "law enforcement" so brilliant as to enable him to violate all precedent and be re-elected?

If I am given this nomination, I am confident of election and, being elected, I shall so conduct the affairs of the office as to merit the approval of the good people of this County and make them proud of the fact of having supported me. I pledge to the people of this County a fair, full and strict enforcement of EVERY criminal law on our books—I shall hew to the line, without fear or favor, let the chips fall where they will. I appeal to you for support and, I assure you, I shall hold you all in grateful recollection for it.

BRYAN AND THE HOBSON AMENDMENT.

When the half-baked Hobson amendment was before the national house of representatives it was defeated. It sought to prevent the sale of liquor in the United States but did not seek to prohibit the manufacture of it by any and everybody who desired to make it. Mr. Bryan, then secretary of state, and other administration leaders, opposed its passage. In a public statement later Mr. Bryan said: "I am not in a position to decide when, as a matter of public policy, prohibition ought to be made an issue in any particular state, but whenever it is made an issue by legitimate authority my sympathies are wholly on the side of those who advocate prohibition. When the amendment was voted upon in the house of representatives at the last session of congress I expressed the opinion that the time was not ripe for an attempt to secure national prohibition. I believe that for the present, at least until after 1916, it is better to make the prohibition fight in the states that are ready for it rather than in the nation."

President Wilson has signed Representative Booher's bill appropriating $75,000 to be spent on the Missouri river at St. Joseph and it will probably be the means of saving Lake Contrary. He secured a like appropriation two years ago, conditioned under the law, on the people of St. Joseph raising a like amount. They did not see the immediate danger, however, and allowed the offer of the government to lapse. Now he has come to their rescue again. This is the kind of work in congress that counts, and these things show what an experienced man can do.

Armed Italian Passenger Escapes.

Rome, July 29.—The big new Italian liner Reditial, which was attacked by a submarine flying the German flag on its way to New York, escaped because she was armed. This is the official statement of the Italian minister today.

Five were killed and twenty-two were wounded by an Austrian air attack on the Italian coast, the ministry also announces.

May Attack Petrograd by Sea.

Copenhagen, July 29.—It is reported that the Germans are making plans and preparations to attack Petrograd from the sea. It is believed that the Germans will make a powerful attack against the Russian fleet in the gulf of Finland.

Several German Regiments Wiped Out.

London, July 29.—From two to three German regiments were wiped out in the savage fighting of the Delville wood, it is officially reported. Savage counter attacks have ben delivered by the Germans in their efforts to capture the wood from the British but the statement asserts that all have been repulsed with heavy losses.

Another series of strong assaults were launched against the German positions in the region of Pozieres and Highwood, and in both places the English troops gained ground.

Still Pounding at Verdun.

Paris, July 29.—The German forces are still pounding away at Verdun despite the terrific pressure of the allies at other points on the Somme front and the western theatre. The communique today states that the Germans delivered attacks on both sides of the Meuse last night but they were repulsed. The French delivered counter attacks on the right bank and scored further gains.

German Raid on England Fails.

London, July 29.—Another attempt by the Germans to strike terror into English hearts by a series of air raids completely failed last night, according to the war office announcement. No casualties were reported and the damage was slight. Three airships were in the raid, attacking Lincolnshire and Norfolk early today.

MEET CLARINDA TUESDAY

Have Chance With Shenandoah at Tournament Prizes—May Play Cheyenne Indians Here.

The Feds again defeated Craig yesterday by the score of 3-2. York was on the mound for the Feds and twirled good ball, having only one bad inning. Two hits and two errors in the seventh enabled Craig to score their two runs in that inning.

The Feds were given several bum decisions by the umpire, but played a good uphill game and won out. Their first score came in the first when Stewart singled, went to third on a single by Walker and scored when the shortstop booted Scott's grounder. In the seventh Stephens singled, stole second and kept on to third when the catcher threw to center. He tallied on the shortstop's second error of the day. This shortstop was so disgusted with himself that he left the game immediately. The Feds scored the winning run in the ninth. Tilson singled, stole second and worked his way home on two errors. Both pitchers allowed seven hits.

Sunday the Feds play the fast Creston team here. Walker will play third and Cowal left field for Maryville. Manager Funk is trying to get the Cheyenne Indian team here for Wednesday.

To Clarinda Tournament Tuesday.

The Feds will go to Clarinda Tuesday to enter a three-cornered tournament with Clarinda and Shenandoah. A $200 purse has been offered by the merchants, $100 to go to the winner, $60 to the second prize and $40 to the third. A large delegation is expected to go from Maryville as picnic features will be offered in connection.

Another feature of the day will be a parade of all the autos attending the tournament. As each machine passes the northeast corner of the square, the driver will be given a number. The winning number in a drawing later will be given $25 in gold.

FARRELL BUYS HARRIS HOME

Independence Township Man Will Move to Maryville With Family Before September.

Thomas Farrell living between orrsburg and Parnell, bought the Berney Harris home on South Main tsreet yesterday. The consideration was not made public, but was said to be $9,000. Possession must be given before September 1. It is probable, however, that Mr. and Mrs. Harris and their family will leave for their new home in Memphis, Tenn., before that time. Mr. and Mrs. Farrell and their family of six children will probably move to Maryville before the opening of the schools.

Miss Helen Jackson of St. Joseph, who has been visiting at the home of Mr. and Mrs. Warren R. Jackson, for the last week, returned to her home yesterday afternoon.

CRAIG FOR GARDNER

STATE SENATOR, DRY LEADER. EXPLAINS HIS ATTITUDE.

WANTS BUSINESS MEN IN

Maryville Man Says Jones and Shupp of Anti-Saloon League Are Making Big Mistake.

Editor Democrat-Forum: A number of my friends, and some others, seem to be anxious about my vote for governor. I know all the seven candidates quite well and six of them quite intimately. They are a fine bunch of men and I should dislike very much to do or say anything that would injure any of them.

Good citizenship requires us to do some things which are not always pleasant. I think Fred D. Gardner of St. Louis is the man of the hour. Missouri needs a business administration, and Gardner is the man above all others who is capable of giving it. Gardner is a clean, Christian gentleman, an active member of the Methodist church and a member of the official board. He was a member of the committee which wrote the charter under which St. Louis is now working, and I have been reliably informed, did more towards writing that charter than anyone else.

Gardner is a farmer and understands the needs of agriculture. A careful perusal of the Missouri Land Bank bill ought to convince anyone of this fact. If he is nominated and this law becomes operative it will go far toward reducing tenant farming because it provides a way for a young man to pay for the land he farms. It will bring a large amount of foreign capital into the state and thus stimulate general prosperity.

Attitude to Anti-Saloon League.

I am receiving letters asking why I am supporting a man who is being opposed by the Anti-Saloon League. I am a regular contributor to the support of this League and think it has done some fine work. Yet it makes some mistakes and this fight on Gardner is one of them.

It is giving its support to the man who is responsible for the advance in the railroad passenger fares and the freight rates after the legislature, fresh from the people had turned the proposition down, although beseiged by the railroads all during the session. Why did it not single out for approval General John T. Barker, who as speaker of the House did so much to promote temperance legislation as any member of that body? Near the close of the last session of the Legislature the wets proposed to me to withdraw their opposition to the anti-shipping bill (a bill prohibiting shipping liquor into dry territory) if the drys would not push the other dry bills. I felt sure there was no chance to pass any of the bills. I put the proposition up to Mr. Shupp and Mr. Jones, who turned it down, and we got nothing. Their intentions were good, but their judgment was bad. Their fight on Gardner is a mistake.

FARMERS OF MISSOURI.

Who of these various candidates for Governor represent the agricultural class of Missouri?

Which one of them have you seen around our county and state fairs, at road meetings, farmers' institutes, horse, jack and cattle sales?

Which of these men know the needs of this great rural Missouri?

Don't let them "muddy" the issue. There are false issues in this campaign.

Houchin knows rural Missouri and her needs.

Houchin's plan for road building is practical and it will build 100 miles of rock roads in every county of Missouri by using idle convicts and the automobile tax without adding one dollar of extra taxation upon any one.

Houchin is against idle clerks, useless departments, nepotism, and will give you a house-cleaning at Jefferson City if he gets a chance. There is no fight on Houchin, he will carry the party vote and a large independent vote. His plan of working convicts on the roads solves the penitentiary labor problem and organized labor is for him because it solves a problem that they have been trying for fifteen years to solve.

HOUCHIN IS A WINNER; there is no fight on him except that which has been created by the job hunters and perpetual office holders, who have tried to make the people of Missouri believe that Houchin is not in the race for Governor. The large number of voters who are leaving other candidates and joining the ranks of Houchin, who they know is a winner, is a final denial. Get behind Houchin and Good Roads. Vote for Houchin and see that your neighbors vote for him. Houchin will be our next Governor.

To The Republicans of Nodaway Co.—

As a candidate, for the office of Prosecuting Attorney and feeling that I am not thoroughly acquainted with the Republican voters, I believe a statement from me should be made.

I am nearly forty-five years old. I came from Waukon, Iowa, in 1902, where I read law with my father, for a number of years, who had an extensive court and office practice, the combination being customary there.

I was admitted to the bar at Maryville, Missouri, December 22, 1902, and have lived here since, where the combination of law, loans and insurance, has kept me busy and given me a lucrative business.

I have a law library of over eight hundred volumes. My law practice and my business training has been such, that I am confident that I can conduct the affairs of the office of Prosecuting Attorney to the satisfaction of the people of this county.

If nominated, I will make a vigorous campaign to be elected, and I know that if I am elected, I will, fearlessly and without favoritism, do my whole duty as such officer.

Republican primary, August 1, 1916.

RAVENWOOD NOTED FOR LARGE HOMES

(Continued from page 1.-

The M. E. Church South also has an unusually attractive property in the center of Ravenwood, the church and parsonage being placed on an acre of ground with a great deal of shade. The pastor, the Rev. B. H. Smallwood, has recently joined the list of Ford drivers and makes his charges and does his pastoral visiting in up-to-date style now.

Main street is being helped in that city by the razing of the livery barn. S. P. Ross has bought the material and is moving it to his farm where he is building a hay barn. There is some talk of a new garage on the site, but nothing definite has been done.

Many New Homes There.

Ravenwood has had its share of the building operations. The largest and best of the new houses will be the home of F. H. Casteel. Hugh Crawford, M. L. Bentley, L. L. King, postmaster, have new bungalows.

Ezra McMullin adds to the sport of the city by a tennis court in his yard. Most of the men of the town seem to be croquet "sharks." The checker championship is claimed by his friends for Marion Hunt.

Everyone was interested in the electric light franchise to be voted upon next Monday and everyone was equally sure that the Maryville proposition would be adopted almost unanimously.

Interest in the Ravenwood vote has been increased by the fact that Parnell is talking lights on a line to be run from Ravenwood and the convent and monastery have already made their agreement with the Maryville Electric Light and Power company to take the current if Ravenwood votes favorably.

As soon as I carried the news into Guilford yesterday on my last lap of the county "travelogue" the residents there began to talk of a line from the Conception college to Guilford. The distance is only six miles and it seems certain from what was said yesterday that Guilford will make such an effort as soon as work is begun toward the college.

Can't Pick the Best Road.

I had thought when the Nodaway trips were begun that I could pick the best road when they were completed. Such seems impossible. I thought Monday as we came from Ravenwood to Maryville that the road was the best ever except the mile nearest Maryville in the bottoms of the 102. But the next day I went to Graham. That road has improved a great deal since we

And as Marve Peery raced home with us in an effort to keep in the lead of "Doc" Malotte I decided that the miles between Maryville and Graham must be the best long stretch in the county. As it is now, I am and shall probably remain very undecided.

The bridge over the Platte just this side of Ravenwood is the champion "rattler" of any we have crossed on the trips. Straw has been placed over the bridges of the 102 near the city water station. That probably makes it possible for the people living nearby to get any sleep.

L. J. Henry on the C. M. Crawford place has a fine flock of sheep. There are two large barns on the T. L. Wilderman farm. The farm owned by Ed Wolfer has an unusual feature in each fence post being painted red with a cap of white on top.

Dickerson Home Distinctive.

Some persons are said to be so beautiful or distinctive looking that people instinctively turn for a second look. Some homes are also that way and T. T. Dickerson has one on the Ravenwood road. The lawn has several beautiful terraces and everything is admirably kept.

Charles Wilson also has a pretty home at the foot of the bluffs beyond the river. We noted as we ran into Maryville that Ed Otis has his home well along toward completion on First street east of the high school building.

And again we rise to speak out in meetin' and say that Maryville must get busy and do something for that bottom road. It is much better than formerly, but needs a great deal of work yet to be worthy of a highway within a mile of the county seat on one of the most frequently traveled roads.

Monday the first installment of the final "travelogue" will be given with an account of our visit to the southeast part of Nodaway county. We visited Bedison, Conception Junction, Clyde, Conception, Guilford, Bolckow and Barnard.

Mrs. Roy Collins left yesterday afternoon for Springfield, where she will make her new home.

HER TENNIS TOGS.

This Parisian model is put up in white silk jersey cloth, "la Jerz," as the French call it, strikingly trimmed with king's blue corduroy, hem and belt. The quaint ruffled finish of the cloth at the waist line, with over belt, is an interesting point. This skirt takes a white crepe de chine shirt waist with a sailor collar. Please notice the skirt's attractive slit pockets.

A SMART COLLAR.

The neck line is like the waist line, no longer a stationary thing. From Paris comes a high collar of black taffeta tied in the back with a flaring bow and falling over it a circular collar of white organdie—the whole a smart little conceit which is especially becoming to the tall, slender woman. High collars are not easy to wear, but they are smart.

JERSEY BATHING SUITS.

In bathing suits the knitted one of jersey, whether of silk, wool or fabric, with skirt attached to the close fitting undersuit, is being selected almost invariably by the woman who really enjoys the salty dip. These in black or dark blue also denote the conservative swimmer's selection, and this is especially wise considering the uncertainty

STONE WORK NEARLY DONE

Two Columns Completed and South Cornice Needs Only Few Pieces.

The exterior stone work of the Farmers Trust company building is nearing completion. The cornice along the south wall needs only a few more stones. The outside columns on the front of the building are all up and the capitals and entablature have been set in place.

One of the inside columns needs three more of the four stones and the other two. The cornice along the front cannot be completed until these are up. Interior work goes on as rapidly as possible. It is not known just how soon work can be begun upon the roof.

BOOHER FAVORED IN BETS

Bookmaker Posted Odds of 50 to 35 on Re-election of Present Congressman.

Special to The Democrat-Forum.

St. Joseph, July 29.—The bookmakers are playing Booher to win the congressional race, with Martin and Hull for second and third place respectively. Bets of 50 to 35 on Booher which were posted yesterday in a Francis street bookmaker's place had up to last night found no takers. There has not been much money placed on this race, the sheriff's race taking down the lustre. The News-Press in its Thursday issue, speaking of the race, says:

"On the Democratic side of this contest the race seems to be among Booher, Martin and Hull, as Young is not making much of a campaign, and the bookmakers are playing Booher as a favorite, with odds even as between Hull and Martin. The Republicans are paying little attention to the primary race. Their only interest is that the Democrats will nominate the candidate who will prove "easiest for our man to beat in November," but they are not agreed as to who that candidate is."

BARNARD BULLETIN.

George E. Brown and wife of Guilford are the proud parents of an eleven pound son, born Sunday, July 23.

Last Monday word was received by J. D. Rice, living near town, that his brother, Robert Rice of Pickering, was stricken with the heat while working in a hay barn Monday and was in a serious condition. He at once went to him. At this time he is reported to be improving and has every chance of recovery.

Hon. Cornelius Roach, candidate for governor, will speak on one of the big days: Hon. C. C. Crow, candidate for judge of the Kansas City court of appeals, will speak on Saturday; Hon. C. J. Hall of California will speak in the interests of state-wide prohibition. Besides these, all of the county candidates of both parties will be here. It is possible that Hon. John Swanger will be here although he has not stated definitely that he will be able to come.

The amusement committee has just secured an additional attraction to those given before, a troupe of high class negro entertainers that are recommended very highly.

HOPKINS JOURNAL.

Dick Applegate commenced threshing just south of town Tuesday and will work south. Pistole Bros., Harry King, Gilbert Springs and others are also out with machines and wheat and oats are turning out very good. Wheat is selling from the machine at better than a dollar a bushel. Corn is looking fine but is now needing rain.

W. A. Ephland and family of Shawnee, Okla., are here visiting in the home of his brother, J. M. Ephland, the well known farmer residing northeast of this city, the trip being made in an auto.

Emmett T. Miller has been elected a member of the Hannibal high school faculty as instructor of physics for the coming year. He is a graduate of our high school and has his A.B. and B.S. degrees from the university of Missouri. He will no doubt make good in his work.

Rev. Robb, pastor of the Hopkins Christian church, is spending his annual vacation very profitably working in the hay field. He is good help, too, and draws his two-bits per hour along with the more seasoned hands. He is troubled with a nervous disorder and is doing outdoor work for his physical upbuilding.

Will Davis, a son of B. K. Davis, who left here fourteen years ago to locate in Canada, is here visiting Leonard Whitten and other old friends. He is accompanied by his wife and little daughter, and will be here for a week or more.

The Hopkins Electric Light company has discarded the small engine used as a relief for the big engine and will soon install a much better one. The big engine has been doing all the pulling lately.

A carload of junk went out of Hopkins last week—unfortunately, however, it wasn't human junk. We have just a carload of the last named kind that could be spared very nicely.

BURLINGTON JUNCTION POST.

The official board and congregation of the Methodist church have granted the pastor, The Rev. Orlando L. Sample, a vacation during August. Mr. and Mrs. Sample will motor to Hannibal next week where they will visit friends for several days, and they may decide to drive to Colorado Springs to spend two or three weeks.

W. H. Piveral informs us that threshing is starting at his place this morning, which is the first work to start in that section of the country. In addition to the large crop of oats there is some wheat and considerable grass seed to thresh this year.

Marion Walton, who is confined to a St. Joseph hospital following an operation on his eye, will be able to return home next week. Marion lost the sight of his eye some weeks ago and it was found necessary to remove the ball Tuesday of last week.

Stanley Ferguson, the son of Postmaster and Mrs. Charles Ferguson, had an unusual experience yesterday when he pulled a thorn from his foot that had been giving him trouble for more than a year. It was a year ago last spring that Stanley, while playing with some other boys, ran under a honey locust tree and a long thorn pierced his foot. He extracted it and thought nothing more of the incident for some time, when his foot began to pain him badly. The foot was treated for several months, and it was thought that there was some disease of the bone. Not long ago one doctor advised an operation but the parents wished to avoid this if possible, and yesterday Stanley pulled the thorn from his foot. It was an inch long and had been imbedded in his foot so deep that no part of it was visible.

Miss Lulu McKnight, saleslady in the Zarn store, and Miss May Greenelsh left last night for an extended visit in the west. They will travel together to Laramie, Wyo., from which place May will go to Taft, Cal., to visit her sister, Mrs. Fred Knief. Miss Lulu will go to Molalla, Ore., to visit her sisters, Mrs. Aaron Sackett and Mrs. J. Blixt. She expects to remain in the west a month. Miss Greenelsh is undecided how long she will visit in California.

G. H. Reavis, at one time superintendent of the Burlington Junction public schools, and now a student in the Columbia university at New York City, has been appointed assistant state superintendent of schools for the state of Maryland and will take up his new work August 1. Prof. Reavis lived many years in this community where he was very popular with everybody. He is the son of Mr. and Mrs. C. Reavis of Burlington Junction, and is another Nodaway county boy that has gone out into the world and made good.

POISON TROUT BIT HIM.

Fish Leaps Out of the Water to Assault an Angler.

Pasadena, Cal.—An angler who is the proprietor of a Pasadena cafe has documentary evidence of the following:

While fishing in Deep creek recently he spotted a twelve inch trout and tried for an hour to land it. Following it from rock to rock, spashing through the water in pursuit as it played its game of hide and seek, the weary fisherman finally closed in on the fish under a ledge which overlooked the water.

As he peeped over the edge to land his game the trout leaped to his face and fastened itself in his jaw. It held on until two companions came to the rescue, beating off the assailant with the butt ends of casting rods.

The cafe proprietor's face became swollen to twice its normal size. He and his companions are warm in their praise of the efficiency of whisky as an antidote for venomous bites. They declare that a bottle which they had handy saved the unfortunate angler's life.

INDIANS GAVE HIM NAME.

Chief of Police of Albany, Ore., Has Interesting History.

Albany, Ore.—John Catlin, chief of police here, has an interesting history. He was first found by United States troops in 1852 among the Snake Indians of Oregon when he was three years old.

The Indians said his father and mother had been killed and that they did not know his name, so they gave him the name of John Catlin.

He served through the civil war as a bugler and was in the army for twenty-five years after that until he returned to Albany, where he has been a police official ever since.

Memorial.

To the Officers of the Missouri Women's Christian Temperance Union.

We, the Maryville W. C. T. U., send loving greetings to the officers of the W.C.T.U., begging them, now that the fight is on, to accept the conditions and co-operate with all other temperance forces in the effort to overthrow the liquor traffic, by working for statewide prohibition, as expressed in Amendment No. 3, to be voted upon Nov. 7th, 1916. We feel that in union lies our strength, and we would be disloyal to our cause and our Great Commander if we are not in the front ranks when the fight is on. This memorial is the unanimous and enthusiastic action of our Union. We desire to be loyal to our loved state organizations, as we trust they will be loyal to our Great Commander.

MRS. C. B. ROBERTS, Pres.
MISS MYRA M. KERN,
MRS. EUGENE OGDEN,
MRS. L. W. GREATHOUSE,
MRS. R. L. McDOUGAL, Cor-Sec.

This memorial was endorsed by all the unions in the county at the W. C. T. U. Convention held in Maryville Wednesday.
